IMPORTANT

This PRICE LIST should be used in connection with our GENERAL CATALOGUE, which contains the common names and full description of all the trees and plants mentioned in this list, with other valuable information of interest to the planter. If you do not possess a copy send for one at once.

The Shipping Season

The spring shipping season usually opens here about the first of March and continues until the middle of May or the first of June.

Fall shipping commences about the first of October and continues until freezing weather sets in.

Evergreens can be successfully transplanted during August and September, as well as in the spring, if the weather is not too dry. Herbaceous Perennials should be transplanted either in the spring or during September and the first half of October.

Directions for Shipping

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded.

When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the transportation companies.

Inspector's Certificate Accompanies Every Shipment

CONDITIONS OF SALE

First—The articles on the following list will be furnished at the annexed prices only when the quantity specified shall be taken. **Fifty** will be furnished at the **hundred** rate, and **five** at the rate per **ten**.

Second—While we exercise the greatest care to have all the Trees, Shrubs and Plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, **we do not give any warranty, expressed or implied**; and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods. **No complaints will be considered that are not made within ten days after receipt of stock.**

Third—The prices annexed do not include the boxes or bales. A charge for the actual cost of the boxes or the material used in baling is made. No charge is made for conveyance to freight station.

PRICE LIST

ORNAMENTAL DEPARTMENT.

NOTE—In compiling this list, we have endeavored to include only such varieties of stock as we have now in our nurseries, in the sizes offered. In filling orders we shall grade stock according to these specifications. Should orders be received for sizes not found in this list, or should any specified grade be exhausted, **we will send the nearest size we have in stock at the time the order is received and charge accordingly** unless otherwise advised.

HERBACEOUS DEPARTMENT

The growing of Herbaceous Perennials has come to be one of the important features of our business. We have ten acres devoted exclusively to the growing of Perennials. We are continually receiving letters of appreciation relative to the stock we are sending out and our methods of packing. Our stock was never so large as now, and we feel sure that we can furnish this most popular class of plants from our fields that will be not only second to none, but far superior to much of the seedling, pot-grown and divided stock which is being offered at low rates. Field grown stock of the proper size will secure for the planter the best possible results.

HARDY PERENNIAL PLANTS, FERNS AND GRASSES.

Full description will be found in our General Catalogue and Circulars.

Price of all Herbaceous Plants listed is 20 cents each, \$1.50 per 10, \$12.00 per 100, except where prices are noted.

Fifty plants will be furnished at the hundred rate and five at the rate per ten.
